Attending Veterinarian

We are looking for a veterinarian to be a member of our The Institutional Animal Care and Use Committee (IACUC) experienced in Laboratory animal science and medicine. **The candidate must be able to visit the work site at least twice a year (every six months).** The site is located 1 hour north of Dallas, TX in Grayson County. The laboratory animals used include mice, rabbits and rats.

Position:

Veterinarian to hold a seat in IACUC with training or experience in small laboratory animal science, who has direct or delegated authority and responsibility for activities involving small laboratory animals at the institutional animal facility.

- Doctorate of Veterinary Medicine (D.V.M.) from an accredited school.

Responsibilities:

The vet will be a member of the IACUC and will be responsible for oversight of the animal care and use program and its components as described in the Public Health Service (PHS) Policy on Humane Care and Use of Laboratory Animals ([Policy](#)) and the *Guide for the Care and Use of Laboratory Animals* ([Guide](#)). Its oversight functions include an ongoing assessment of animal care and use.

- Review, at least semiannually, the institution's program for the humane care and use of animals;
- Perform a site visit and inspect, at least semiannually, the institution's animal facility.
- Review the IACUC protocols if and when significant changes/alterations are requested by the principal investigator.
- Should be available for treating and inspecting sick laboratory small animals, review animal welfare concerns;
- Make recommendations to the Institutional officer on any aspect of the animal program, facilities, or personnel training.
- **Interested applicants must submit their resumes to jobs@fabgennix.com.**
